Subject: Re: Fw: Dimock IDW - Waste Profile

this is water with some settled solids. Probably decon water. Sudda is there at the RRT ask him ... then please let me know.

As it appears, if it is decon water it is fine for disposal.

Rich,

I would appreciate your help in reviewing this. Let me know if you have any comments. Not sure why we have soil.... do you know..

Subject: Dimock IDW - Waste Profile

Hi Rich,

We are coordinating the disposal of the drum of IDW from Dimock. We have a disposal firm identified and as part of the process we need to prepare a waste profile. We have it completed and it needs signed by you. Once it is signed a manifest will be generated, which will then be sent to you for signature. Please review and sign the attached waste profile. A scan copy with your signature will be acceptable.
Please let me know if you have any questions.

Thanks,

Suddha Graves
